

Homemade Food Donations

(i.e baking, cakes, pastries & homemade cakes for birthday celebrations etc.)

Please note that Natasha's Law came into effect on Friday 1st October 2021.

This means any homemade food donations sent into school must be labelled with the name of the food and a full list of ingredients, with allergenic ingredients emphasised.

If you wish to send in homemade food please complete a form available from the school office.

Please note this does not apply to cakes that are purchased from shops as these will already have the information required on the packaging.
